

Ikarus::Python::register
DirichletValues

Ikarus::DirichletValues
::setZeroAtConstrainedDofs

Ikarus::DirichletValues
::isConstrained

```
graph LR; A[Ikarus::Python::register<br/>DirichletValues] --> C[Ikarus::DirichletValues<br/>::isConstrained]; B[Ikarus::DirichletValues<br/>::setZeroAtConstrainedDofs] --> C;
```

The diagram illustrates a dependency or registration process. Two source boxes on the left point via blue arrows to a single target box on the right. The top source box contains the text 'Ikarus::Python::register' followed by 'DirichletValues' on a new line. The bottom source box contains 'Ikarus::DirichletValues' followed by '::setZeroAtConstrainedDofs' on a new line. The target box, which has a gray background, contains 'Ikarus::DirichletValues' followed by '::isConstrained' on a new line.
