

Ikarus::NewtonRaphson
::solve

Ikarus::TrustRegion
::solve

Ikarus::norm

```
graph LR; A["Ikarus::NewtonRaphson::solve"] --> C["Ikarus::norm"]; B["Ikarus::TrustRegion::solve"] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two boxes stacked vertically. The top box contains the text 'Ikarus::NewtonRaphson' on the first line and '::solve' on the second line. The bottom box contains 'Ikarus::TrustRegion' on the first line and '::solve' on the second line. On the right, there is a single box containing the text 'Ikarus::norm'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the right box. The top arrow starts from the bottom-right corner of the top box, and the bottom arrow starts from the top-right corner of the bottom box. Both arrows converge towards the left side of the 'Ikarus::norm' box.
