

Ikarus::Python::register
NeumannBoundaryLoadPre

Ikarus::Python::register
VolumeLoadPre

Ikarus::volumeLoad

```
graph LR; A["Ikarus::Python::register<br/>NeumannBoundaryLoadPre"] --> C["Ikarus::volumeLoad"]; B["Ikarus::Python::register<br/>VolumeLoadPre"] --> C;
```

The diagram illustrates a dependency or registration process. Two boxes on the left, representing registration functions, have arrows pointing to a single box on the right, representing the target function. The top box is labeled 'Ikarus::Python::register' followed by 'NeumannBoundaryLoadPre'. The bottom box is labeled 'Ikarus::Python::register' followed by 'VolumeLoadPre'. The box on the right is labeled 'Ikarus::volumeLoad' and is shaded gray, while the others are white with black borders. Blue arrows connect each left box to the right box.
